

CASTLE GATE RELIEF FUND COMMITTEE [189]

CASE FILES, 1924-1936.

1.2 cu. ft. and 2 microfilm reels

DESCRIPTION: This series contains individual case histories of those who received relief from the Castle Gate Relief Fund Committee, a committee appointed by Governor Mabey to oversee the distribution of subscribed money after the Castle Gate mine explosion in March 1924. The case histories begin in 1924 and end in 1936 when the fund was exhausted and the committee disbanded.

The contents of the folders begin with the official application to the committee for relief. A questionnaire which was completed by each widow to document names of relatives, debts, insurance, and property is also included. Many of these recipients also have official certificates of relief from the industrial commission. Finally, a history of the family was maintained by Annie Palmer, the social worker. The rest of the folder contains correspondence arranged chronologically by date.

ARRANGEMENT: Each case history has its own folder arranged alphabetically by recipient.

RELATED RECORDS: The Castle Gate Relief Committee MINUTES (Series 1207) and REPORTS (Series 19624) document the work of the committee in providing relief to the families noted here. The CORRESPONDENCE (Series 19423) details their communication with these families while the FINANCIAL STATEMENTS (Series 19625) record the state and distribution of the fund to them.

ACCESS RESTRICTIONS: These records are private according to the Government Records Access and Management Act. Access may be permitted under certain conditions.
